Class of 2013 OP Results

Congratulations to the Class of 2013, whose OP results once again reflect the College’s commitment to challenging and supporting its students in their pursuit of academic excellence in their studies.

The OP result is a measure of a student’s position in a state-wide rank order, based upon their overall achievement in subjects that have been approved by the Queensland Studies Authority. This measure indicates how well a student has done in comparison to all other OP-eligible students in Queensland and is used for the purposes of tertiary admission only. The OP Bands range from OP1 (highest) to OP 25 (lowest).

Each year A.B. Paterson College publishes a summary of the OP results achieved by the graduating Year 12 class. The 2013 summary of results provided below includes all results for students who gained an OP in 2013.

Our congratulations go to all the Year 12 students who have worked so hard to achieve these excellent results.

A statistical analysis reveals:

- **OP 1 - 3 Band 17% of cohort**
  (State average 10.45 %)

- **OP 1 - 5 Band 31 % of cohort**
  (State average 19.96 %)

- **OP 1-10 Band 66% of cohort**

- **OP 1-15 Band 95% of cohort**

- **College Median of OP 8**

- **74 % of A.B. Paterson College cohort above State Median of OP 11**

- **63% of cohort QCS Grade A or B**
  (State average 43.9%)

- **14 % of students at A.B. Paterson College have already completed a subject at a university level whilst still completing their senior phase of schooling.**
